Heyyyyy.

Not too much is going on out of the ordinary. Zach and Addy are here, but they leave when Chloe comes, because they're Coogarimers and she's a Goorimer. I really like the people in my cabin, because I've been in the same cabin as 4/9 of them, and I've spent time with 6/9 of them. I already have eleven bug bites. And yes, I did use bug spray. The night before last night, we played Kalsman football. It's ~~the~~ ultimate Frisbee with a football, then once one team wins, it turns into one hit kill ~~soccer~~ soccer. At around 10, the sun was setting and it turned the clouds and sky pink and orange, and it was ~~super~~ super pretty.
